

## **UNIVERSITY OF PITTSBURGH**

### **DEPARTMENT OF COMMUNICATION SCIENCE AND DISORDERS**

Applications are invited to apply for an Assistant or Associate Professor, Tenure Stream, Full-Time (9 Month) faculty member within the Department of Communication Science and Disorders, School of Health and Rehabilitation Sciences, University of Pittsburgh.

#### **DUTIES AND RESPONSIBILITIES:**

The faculty member will:

1. be responsible for developing and maintaining an independent, extramurally funded program of research within pediatric, adult or geriatric neurogenic communication disorders in area(s) of expertise;
2. be responsible for teaching two didactic, seminar, laboratory or clinical courses each of two academic semesters in area(s) of expertise, to students enrolled in the CSD Department [teaching assignments can vary depending on salary support from funded research];
3. be responsible for directing student research within areas of research expertise at all levels of the curriculum (e.g. undergraduate Honors Theses; Master's Theses; CScD Research Projects; Ph.D. research experiences and dissertations), but particularly within the research doctorate;
4. participate in departmental, school and university service;
5. if clinically trained, obtain and maintain professional credentials such as the Certificate of Clinical Competence, PA State Licensure and specialty certification/recognition (if available) in areas of clinical/research expertise.

#### **QUALIFICATIONS:**

***Degree Qualifications:*** A Ph.D. or equivalent doctoral degree in Speech-Language Pathology or related discipline.

***Experience-research:*** The candidate will have demonstrated research independence and the success in or motivation and skills for acquiring extramural funds to support their programmatic research and independence in leading a productive laboratory.

***Experience-teaching:*** The candidate will demonstrate successful experience and/or a strong motivation for excellence in classroom and laboratory teaching.

***Experience-Service-departmental:*** The candidate will demonstrate successful academic collaboration and/or a strong motivation for such collaboration and sharing a common goal with faculty colleagues for building and maintaining excellence in research and clinical educational in a research extensive department, school and university.

***Starting Date:*** The duties of this position will begin September 01, 2007. Applications, consisting of (1) a curriculum vita, (2) a letter of interest, and (3) three letters of recommendation should be received by March 01, 2007. Recruitment will, however, continue and applications will be reviewed with full consideration until the position is filled.
